18	Viola	607	\$1,350,136	\$160,462	11.88	9	\$0	\$264	11	\$157,198	\$190,243	\$221,555

Notes:

1. Red column headings denote calculated columns that were added - not in State Auditor report
2. State Auditor data for 2016 will be available mid-November 2017
3. 'Tax Levy' and 'Property Taxes' differences are due to delinquent taxes paid/not paid

Notes:

1. Red column headings denote calculated columns that were added - not in State Auditor report
2. State Auditor data for 2016 will be available mid-November 2017
3. 'Reserves to Expenditures ratio' column (second to last column) target 1.00 (one year reserves to expenditures)
4. Green highlighted cells in 'Reserves to Expenditures Ratio' column indicate townships within a target ratio in the range of 0.67 to 1.50
5. Townships with \$0 'Total Reserves' appear to be using a modified accrual basis of accounting and are not comparable
