Notes:

1. Red column headings denote calculated columns that were added - not in State Auditor report
2. State Auditor data for 2018 will be available mid-November 2019
3. 'Reserves to Expenditures ratio' column (second to last column) target 1.00 (one year reserves to expenditures)
4. Green highlighted cells in 'Reserves to Expenditures Ratio' column indicate townships within a target ratio in the range of 0.67 to 1.50
5. Townships with \$0 'Total Reserves' appear to be using a modified accrual basis of accounting and are not comparable
