## **Fire Sign Application**

1. Fire signs in New Haven Township are treated like mail boxes, that is, they can be installed in the road Right-Of-Way (ROW) but cannot create a potential hazard to the traveling public. The resident owns the fire sign and the resident can do with it as they wish (e.g., move or remove). If a resident moves a fire sign, the resident is responsible for having a utility locate done before installing any sign post.
2. Maintenance around the fire sign to maintain visibility is the residents' responsibility, other than normal ROW mowing by the Township.
3. The cost for replacement for lost or damaged fire signs is the responsibility of the resident.
4. The resident cost for fire sign replacement or a new fire sign is set at \$50 per sign. Any additional costs above \$50 will be covered by the Township.
5. Fire sign orders will be fulfilled by the Township at least once a year, usually during late summer or fall.
6. The Township Summer Road Maintenance contractor (Mike Wood) will continue to install fire signs and will be paid by the Township at his normal hourly rate. The Township does not sell fire signs and hardware without installation because that may have sales tax implications.
7. For any questions, please contact:  
Donna Beyer  
New Haven Township Clerk  
507-250-2210

See [www.newhaventownship.org](http://www.newhaventownship.org) website for additional township information.
